

NEW ENGLAND 2016 ANNUAL LIFE SCIENCES PANORAMA

Tuesday 15 March 2016, 6PM, Sanofi Genzyme Center

LIFE SCIENCES & BUSINESS LEADERS FROM FRANCE & USA WEIGH IN ON NEW ENGLAND'S MOMENTUM, OPPORTUNITIES & CHALLENGES IN THE YEAR AHEAD

In 2015, our region continued to play a major global role in Biotechnology and Life Sciences as was seen by new companies, IPOs, Mergers and Acquisitions, and finally, evolution of local real estate. The rising figures reflected an industry-wide focus on drugs for rare diseases and key areas of critical unmet medical needs.

Join us to meet local MA companies as well as researchers, sciences & business leaders from both sides of the Atlantic as they analyze fast-changing development in Life Sciences both in New England and in Europe. For the third consecutive year, this must-attend program will address core topics of interest for both young and large companies, and offers networking opportunities for biopharma professionals. Topics will include, an expert review of events, perspective on the upcoming year, trends in finance and investment, discussions around innovation and new technologies, along with how to bring these to the patients.

6:00 - 6:10: Welcome & Introductions.

Philippe Sauvage, CFO, Genzyme / Sanofi Genzyme.

Patrick Bian, FACCNE President

6:10- 6:15: Meeting Organisation & Format

Laure Berliner, FABS

Gigi Shafai, FABS

6:15 - 6:45: Expert Overview of 2015 Headlines & 2016 Perspectives in NE Life Sciences.

Presented by:

Don Seiffert, BioFlash Editor, Boston Business Journal.

Moderator:

Shahin Gharakhanian, MD, Annual Panorama Program Committee Leader, FABS.

6:45 -7:15: Panel ONE, Bringing Life Sciences Innovation to Those Who Need It Most

Panelists:

- ◆ **Geraldine Carroll**, Director, Patient Advocacy Relations, BIOGEN
- ◆ **Penny Cowan**, Executive Director, American Chronic Pain Association
- ◆ **Stephen Smith**, Chief Patient Advocate, Medidata Solutions
